*From the Chief Appraiser*

**December 2021**

I am pleased to present this annual report of the Concho Central Appraisal District to provide specific information about the operations of CCAD. This report is a summary of information CCAD publishes and prints in different formats. It highlights the results of our appraisal operations, taxpayer assistance, financial stewardship and the appeals process.

Concho CAD works hard to provide equality and uniformity for each property owner and to the ten taxing entities who rely on our work. The district also works with the State Comptroller's Property Tax Assistance Division to ensure the school districts receive accurate appraisal values which are used for setting the basis for school funding. Concho CAD has a high commitment to customer service. Our goal is to service Concho County with professionalism and integrity in all aspects of our operations.

In 2020, Concho CAD successfully certified a timely and accurate appraisal roll. It is our highest priority to efficiently serve our taxing units and also the citizens of Concho County. We strive to provide an accurate and fair appraisal roll so the tax burden can be equitably distributed.

I would like to thank my entire staff for their continued commitment in performing their duties with the highest level of customer service. Their dedication in serving the people of this community is unsurpassed. At Concho CAD, we always strive to improve the quality and efficiency of our work. We are always open to suggestion on how we may serve the community better. If you have any comments or suggestions, please feel free to contact me.

Respectfully,

D'Andra Warlick

Chief Appraiser, Concho Central Appraisal District

## PREFACE

County Appraisal Districts were created by the Texas legislature when it passed the Peveto Bill in 1979. The Texas Property Tax Code, the rules of the Texas Comptroller's Property Tax Assistance Division, and the Constitution of the State of Texas govern the operations of the appraisal districts statewide.

The Concho Central Appraisal Districts mission is to discover, list and appraise property by administering the laws and guidelines established under the property tax system and set forth by:

- The Property Tax Assistance Division of the Texas State Comptroller's Office (PTAD)
- The Uniform Standards of Professional Appraisal Practice (USPAP)
- The International Association of Assessing Officers (IAAO)

The appraisal district is a local government, political subdivision of the state, responsible for appraising property within the county boundaries. Senate Bill 621 required an appraisal district to be established in each county for the purpose of appraising property for ad valorem tax purposes.

By law, an appraisal district is to be managed by a professional staff with training and education prescribed by the State of Texas. Appraisers are registered with the Texas Department of Licensing and Regulation and must complete courses and exams to become a Registered Professional Appraiser.

It is under the guidelines recommended by IAAO Standard of Public Relations Section 6.5 and Section 6.5.1 that the Concho Central Appraisal District publishes an annual report to convey information to the public regarding the appraisal district.

If you have any questions about information in the report please contact:

## Values and Types of Property

For purposes of tax assessment, real property includes land, buildings, and other improvements attached to the land. These real estate accounts are for single and multi-family residential, rural, and commercial/industrial properties within RCAD jurisdiction. Business personal property is tangible property owned by a business and used to produce income, but is not attached to the land; such as furniture, fixtures, machinery, equipment, inventory, motor vehicles, aircraft, etc

## **DATA**

The district is responsible for establishing, maintaining and appraising approximately 9,441 accounts, covering 994 square miles within Concho County, with a total market value of \$1,957,293,121 billion dollars. 7,384 of those accounts are classified as Real property, 226 accounts are classified as Personal property and 1,831 accounts are classified as Industrial and Mineral. Over the past year several changes were made including contracting different appraisal firms for our real properties and mineral/industrial accounts. Eagle Appraisal & Consulting is now contracted to appraise residential/commercial property. Thomas Y Pickett is contracted to appraise mineral/industrial accounts.

## **REAL ESTATE APPRAISAL ACTIVITY FOR 2021**

Eagle Appraisal & Consulting looked at the properties in Eden CISD for adjustments on 2021 valuations. They alternate back and forth from Paint Rock ISD to Eden CISD/Brady ISD to recheck property and find new improvements. Adjustments were made to many accounts to reflect accurate age, conditions of improvements and market trends.

## **MINERAL VALUES**

Mineral values remained rather consistent in early 2021. Thomas Y Pickett's appraisers analyze the production of each lease and determined a decline curve for the wells. Using a discounted cash flow, the value of each well is appraised by estimating the future value of economically recoverable reserves. Once the value of the well is estimated, the value is distributed to each operating and royalty interest.

## **BUSINESS PERSONAL PROPERTY AND UTILITIES**

All business personal property used in the production of income in Texas is taxable. Taxpayers are required to render their taxable property to the appraisal district. Taxable items include inventory, furniture, fixtures, equipment, and vehicles. Inventory is taxable at its cost. Other assets are taxed based on their depreciated values. The renditions are due April 15<sup>th</sup> with extensions on May 15<sup>th</sup>. After receiving the renditions, the personal property appraisers check the renditions for accuracy and enter the data into the computer assisted mass appraisal system. Beginning in August of each year, the appraisers check all current accounts to ensure that accounts have been rendered appropriately and visit new businesses to estimate personal property values. The notices of value for BPP are generally mailed about May 25th.

## **APPEALS PROCESS**

Appraisal districts must send required notices by May 1 or April 1 if the property is a homestead or as soon as practical thereafter. The district will informally review your concerns with you and try to resolve your objections. It is very important, however, that you preserve your right to protest to the ARB by filing your

Notice of Protest before the deadline, even if you expect to resolve your concerns at the informal meeting with the appraisal district. The staff will make contact with you based on the information provided on the protest form (i.e., phone, email). Through shared information, most of the values can be settled informally. If the district cannot informally settle the value the next step is to discuss the matter with the ARB (Appraisal Review Board). At least 14 days before your protest hearing, the appraisal district will mail a copy of this pamphlet; a copy of the ARB procedures; and the time and date of the hearing. You or your agent may appear at the ARB hearing in person, by telephone conference or by filing a written affidavit. To appear by telephone conference, you must provide a written notice at least 10 days before the hearing and any evidence must be submitted by written affidavit to the ARB before the hearing begins. If you fail to appear, you may lose the right to be heard by the ARB on the protest and the right to appeal. In 2021, 916 appeals were filed. Of that number, only 118 people appeared before the appraisal review board and received an order, 705 appeals were settled or withdrawn and 92 appeals did not appear for the hearing date.

### **CCAD Funding Sources**

Funding for the CCAD is proportionately shared among all the taxing units located within the county. The CCAD's annual budget is reviewed and ultimately approved by the board of directors. Participating taxing units pay for the CCAD operations. The board of director's financial responsibilities include adopting the annual operating budget; selecting a district depository; purchasing and contracting; transferring, constructing and renovating real property; and providing for an independent audit.
